MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Bill Miller and Dan Childs, SSCI Staff

On Wednesday, 4 October 1978, I took Les Dirks, DDS&T, to meet with Bill Miller, Staff Director, and Dan Childs, staff member, Senate Select Committee on Intelligence (SSCI). The meeting was at Mr. Miller's request and had to do with a study that the SSCI intends to do regarding overhead reconnaissance. The Committee is convening a panel of outside experts to undertake this study and Mr. Miller wanted Mr. Dirks' opinions about matters to be studied. He also asked Mr. Dirks to find out if the Director would like to join in the sponsorship of this effort.
